## REPORT ON SOCIAL SERVICE

The Social Service Work of our denomination comes under the following heads, namely: Hospitals, Orphanages, Ministerial Relief, Good Will Centers and all agencies that care for the physical and spiritual life of those in need

In Mississippi we have all these agencies at work and the men and women in charge of our Social Service institutions should receive our prayers and financial support to the greatest extent possible.

Two aspects of this subject will be considered in this report. First—Local needs. We need a general awakening to the conditions in our own county.

The bootlegger is still at work and public sentiment backed by the church is required, with the support of our officers to rid the county and country of this hellish traffic.

We notice the slot machine has come back contrary to the laws of the state. Shall this form of gambling be allowed to flourish? A boycotting of every place of business where this dirty business is carried on will soon solve the problem.

Second, needs within the state.

I hereby give Dr. Carter's report of the Baptist Orphanage at Jackson, and the hospital report of the same place.

## ORPHANAGE

We give the following facts about the Bapsist Orphanage for the past year. We have had an average of 170 children during the year. The health of the children has been good. We have had no deaths and only a few cases of sickness.

Our crop has been greatly damaged by the dry weather. Our finances are unusually short. We have had to borrow already $2,000 and will likely have to borrow $2,000 or $3,000 more unless our brethren come up promptly with their pledges to the 75 Million Campaign.

We have had an unusual number of applications for the last few weeks and it looks now like we will have to run to full capacity next year.

We are completing the Superintendent's home, a two story brick building estimated to cost $10,000; but by doing much of the work ourselves, it will cost much less.

This building will add much to the Orphanage property and it completes the general plan of the Orphanage plant. Fortunately we had the money laid aside for this building and I think we will be able to pay for it when it is completed.

I hope our brethren will remember us and help us in our efforts to care for our children and enable us to come out in good shape this fall.

## A NEW SLOGAN

Southern Baptists have reached a point in Ministerial Relief Work when they should adopt a new slogan, as follows:

**"A pension for every Baptist minister, and from every Baptist church a full share of the cost."**

It is so easy for us to forget the part which the minister plays in our lives. If we could keep that before us constantly, and in mind, it would not be difficult for us to do what we should do in this great matter.

Our Social Service Work is in good shape as a whole, but must have the entire co-operation of the whole church or we fail, **and we must not fail.**

F. L. Litchfield, Chairman.

## GENERAL REPORT ON MISSIONS

**Complied by Lee B. Spencer**

### FIRST—DEPARTMENT OF STATE MISSIONS

The State Board in its annual session December, 1923, laid out the work for the year 1924 on a basis which called for the expenditure of $130,000.00 for State Mission work. Since State Missions receive only 19 per cent of the total amount raised, it will be necessary to raise this year more than five times that amount in order for us to receive the $130,000.00. That will give you some idea of the immensity of the task.

The Board is assisting in the paying of the salary of seventy-two pastors in dfferent parts of the state. This amount assists one hundred and twenty-five churches. We have had in the field four regular district enlistmen men. We now have five regular Sunday School workers with several assistants during the summer months doing County Institute work. We have two regular B. Y. P. U. field workers with two extras for a part of the summer season. The W. M. U. has two regular workers.

Other items of expense in connection with the State Board's work are expenses of the Board meeting, printing of the State Convention Minutes, State Convention meeting, School of Evangelism, Mid-Winter Bible School at New Orleans, work among the Negroes, the Kreoles and the Indians, the Ministerial Student Fund, Religious work in the State colleges, seminaries and training schools student fund, Good Will Center work and the salary of $720.00 a year to Dr. A. V. Rowe who is Secretary Emeritus. The largest item of work for the year is that of appropriations to church buildings which amounts to $40,000.00. None of this has been paid, but will be due November first.

### (a)—SUNDAY SCHOOL DEPARTMENT OF STATE MISSIONS

| | |
|---|---|
| Number of Sunday Schools in the State | 1,301 |
| Number of Sunday Schools within past year | 144 |
| Number enrolled in Sunday Schools | 120,146 |
| Increase within past year | 24,296 |
| Number of awards within past year | 4,167 |
| Number of blue seals | 116 |
| Number of red seals | 336 |
| Number of diplomas given out | 1,227 |

The Sunday School Department in addition to its Secretary, Assistant Secretary and worker among the primaries as heretofore reported, has two regu-

lar Secretaries employed for doing the work among the country churches and Sunday Schools. These Brethren are Wyatte Hunter and H. E. Spell. They are both graduates of Mississippi College and are well qualified for the work for which they have been choosen.

## (b)—B. Y. P. U. DEPARTMENT OF STATE MISSIONS

This department makes the following statement of their work:

The number of Unions has increased from 700 to 925 since the last report to the associations. It is believed also that the number will reach 1,000 by November first. This is a remarkable growth and should give us courage to press on. The idea of arganizing the "Training Department" as thoroughly as any other department of the church has led to "The General Organization of the B. Y. P. U." which gives five general officers and three committees at the general meeting of all Unions in a church to last fifteen minutes of the weekly meeting, at which time reports from each Union are given with short special programs of not more than five minutes. This ties the various departments of the B. Y. P. U. together and tends to emphasize the relation of the Training Department to the church.The Library offer has been the cause of a goodly number of B. Y. P. U.s to be organized and a large number of our young people are studying the B. Y. P. U. methods.

## (c)—W. M. U. DEPARTMENT OF STATE MISSIONS

The Woman's Missionary Union in Mississippi during this associational period is most interest.ng in the completion of the 75 Million Campaign. It is a matter of note that during the four years immediately preceding the Campaign. Mississippi women gave to the objects for which the Campaign stands only $191, 335.26. The sum given to the Campaign for the five years is $515,650.00. The W. M. U. will work with a mind to complete what they have begun.

During this fiscal year the W. M. U. has had organized work in 64 associations. An Associational Superintendent and a Young Peoples' Leader is at work in each of these associations and reaching out to help adjoining associations. There are 770 Womans Missionary Societies and 651 Young Peoples' Auxiliaries, making a total of 1421 organizations. The chief aims of these organizations, as in the past is Prayer, Mission and Bible Study, Stewardship, Personal service and Soul Winning. 10,000 seals and nearly 3,000 certificates have been awarded for Mission Study.

The W. M. U. is greatly interested in securing funds for scholarships for young women anxious to finish their college course and enter Training School, in order that they may prepare themselves for service in either the Home or the Foreign field. In view of this fact, the following recommendation is made to the asso iation: that the churches encourage this work by making a donation to this worthy cause through the W. M. U.

It is further recommended that all pastors and laymen in the association lend their hearty support to the women in their endeavors to organize the women and children of the churches.

## THE 75 MILLION CAMPAIGN IN MISSISSIPPI

The most important work before our churches the remainder of this year is, first, the payment in full of the 75 Million Campaign pledge if possible by the first of November; If not, at least by the last of December, for we are not going to reckon with the pledges after the close of the year. The second is the putting on of the 1925 program. This consists of making pledges to the seven great causes which are being cared for by means of the 75 Million Campaign funds. The pledges are to be made from November 30th. to December 7th. inclusive. The payments will begin with January first and be continued throughout the year 1925. We lack up to August 1st about $715,000.00 of having raised our quota and about $1,500,000.00 of having raised our pledge. It is possible for us to raise this amount by the end of the year. There is an expressed determination on the part of many to pay every cent they promised.

## SECOND—DEPARTMENT OF HOME MISSIONS

Changing conditions in the industrial world, the migration of the Negroes by hundreds of thousands to the North, the test of our civilization by the creeping in of insidious error in our schools and colleges, all these call for the leavening power of the gospel. Who that reads our daily papers can deny that there is throughout our land a deplorable attitude on the part of multitudes of people with respect to law and government. The gospel is the pure corrective for all these things and our Home Mission Board furnishes for Southern Baptists a great Southwide agency for giving the gospel in its purity and power.

The following is a brief summary of some features of the Board's work for the last five years: Sermons and addresses 802,803; prayer meetings 101,075; religious visits 1,238,210; baptisms 203, 532; total additions to churches 324,086; workers' conferences held 4,667; volunteers for Christian service 15,094; church houses built or improved 2,225; Sunday Schools organized 3,183; copies Scriptures given 55,533; pages tracts distributed 35,812,479.

The 75 Million Campaign closes with December, 1924, and it has been stated that if we raise the full 75 Million Dollars and Home Missions receives its due proportion we can pay off all of the Board's Debts and be ready for an aggressive work for the future.

## THIRD—DEPARTMENT OF FOREIGN MISSIONS

A brief glance at the statistics of the Foreign Mission Board of the Southern Baptist Convention brings a most inspiring assurance over the success of our foreign mission cause.

We have in our foreign mission fields 1,095 churches, in which are enrolled 111,872 members. This is one-twenty-seventh as many churches as are in the bounds of the Southern Baptist Convention, and one-thirtieth as many members. Three hundred and eight of our churches abroad, or about one-third, are self-supporting. This shows a gain of 97 over the year before, or an increase of self-supporting churches of almost 50 per cent in one year.

We sent our 54 new missionaries during the year, bringing the total of our foreign missionaries up to 544. After deducting losses we made a net gain of 43. This gain is enheartening, but is far below the number which should have been sent. We need to send this year 229 others.

The native working force now numbers 2, 494. The building up of this native working force is of the gravest moment. We need many foreign missionaries now, and in the future the call will perhaps be even more insistent, yet we cannot depend upon missionaries sent from America to do the major work of preaching to any country. The final evangelization of every land must be done through the native workers.

We have had an encouraging year in our Foreign Mission Schools. Never have students flocked in such numbers; never have so many been accepted; never such large numbers turned away. We have 860 schools of all grades, in which were enrolled 35,106 students. This number is about the same as the number of students in all our Baptist schools in the Southland. Twenty of these schools are kindergartens; five are colleges, the majority are of the lower primary and middle school grades. Thirteen are normal and training schools. The crown of all, of course, is the Bible and Theological Schools which now number seventeen, in which schools are being trained 416 young preachers. While these schools are all rendering a great service in the general uplift of the people, our chief interest in them lies in the fact that through them we turn many to Christ, and train these students for more effective Christian service. Our schools are tremendous evangelizing agencies. In many sections the far larger number who are baptized into the churches are won in the school. If the school is needed here in the homeland for the development of our denominational life, for the provision of a capable ministry, they are infinitely more necessary for the same objects in foreign lands.

We have medical work in three countries—China, Africa and Mexico. We have among our foreign missionary force, sixteen male and three female physicians and seven trained nurses. There are nineteen native physicians

and 29 native nurses. There are 23 buildings of all descriptions in our nine hospital plants. In these are room for 796 beds. In these hospitals were treated last year 6,299 patients. The patients outside of the hospitals were 70,415. The total treatments given reached the amazing number of 294,422.

We have publishing houses organized in China, Japan, Mexico, Brazil, Argentina and Italy, and embryonic publishing interests in all the other fields. These publishing plants brought out books, tracts, Bibles, Testaments, Sunday School and B. Y. P. U. Quarterlies, Sunday School Leaflets, denominational papers in vast quantities. 84,944,180 pages of literature were distributed. The silent, but none the less effective workings of the printed page, are not every time manifest, but we have many instances of the triumphant achievements of the Gospel sent forth in printed form. Many individuals have been converted through this means; many a home which was otherwise closed to the missionary has been opened through a Gospel Tract or Testament. We have a number of churches that have been organized as a result of someone having read the Word of God from the printed page.

Thus our work abroad presses forward with the favor of God upon it. Southern Baptists rejoice in it, yet they are not supporting it as they ought and can. The Board has been compelled to halt in its great program right at the time when it could press the work advantageously.

In May 1923 the Board reported a debt of $403,000. In spite of the severest economies this debt grew by May 1924 to $711,000. When appropriations were made for 1924 over $1,600,000 in request from the fields were denied. The Board was able to appropriate for 1924 only for current expenses. It allowed nothing for buildings and equipment. At its meeting in June 1924 the Board decided not to send out new missionaries this year, except in a few instances where the salary and expenses have been especially provided. This means that practically all new equipment and new missionaries were cut off from the foreign fields this year. What this lack of help will mean to the cause no one can estimate.

The situation is distressing. The only hope for remedy for it is in the payment of our 75 Million Campaign pledges. If these pledges are paid we can take care of the work.

We call upon our churches to rally with heroic sacrifice to the completion of the great 75 Million Campaign task.

LEE B. SPENCER, Chairman.

## REPORT ON EDUCATION

Education needs no apology, nor do we attempt to offer any. We as Southern Baptists realize the value of Christian Education to be manifold. Some of its great values we see in competency in life's activities, self-control, culture, character, Baptist loyalty, intelligence in our doctrines, and Baptist co-operation.

Our colleges have large and increasing attendance. Our great need is money. The teaching we have is first class. The personal touch of the teachers with the students is remarkable. Mississippi College is standard. Blue Mountain and Woman's College are on the accredited list of the Southern Association of colleges and secondary schools. Our three seminaries are rapidly developing. The Baptist Bible Institute has wrought a miracle in New Orleans. The Louisville Seminary is known for its unsurpassed faculty. The seminary at Fort Worth is known largely for its evangelical advantages. These three seminaries are offering splendid courses and advantages for women.

Clark Memorial College at Newton, our co-educational junior college, is doing splendid work. The college spirit and leadership is akin to Mississippi College. We need to give this College her due consideration.

Respectfully submitted,

RICHARD CAMPBELL, Chairman.
